Are you or someone you care for turning 65 in the next three to six months? For most of us, Medicare will be our primary health insurance and understanding what it is, how it works, and what it costs is critical.

This session will cover what options you have as a Medicare beneficiary, the process and timing for signing up for coverage, and what you can expect for your first year and subsequent open enrollment periods.

Our goal is to reduce confusion regarding Medicare and prepare you for your next step.

This presentation is limited in size, and reservations are required.

Masks are required, and we will be observing other safety protocols.

Please call 937-376-5486 or e-mail info@gcco.org to reserve your place.

Sessions are held each month. If you are unable to make it to this session, contact us for more information about the next Medicare talk.
